CAREER OBJECTIVE

Application Packaging professional with 7+ years of overall IT experience and hands-on experience in enterprise Windows application packaging, deployment, validation, and troubleshooting. Experienced with MSI/MST and EXE installers, InstallShield, Flexera AdminStudio, Orca, PSAppDeployToolkit (PSADT), PowerShell and Batch scripting, SCCM/MECM, and Microsoft Intune. Skilled in application detection rules, prerequisite and dependency configuration, install/upgrade/repair/uninstall scripting, reboot and rollback handling, digital signature/certificate validation, and source-control repository workflows. Experienced in Windows 10/11 compatibility testing, IntuneWin packaging, registry and DLL troubleshooting, and ITIL-aligned change management.

TECHNICAL SKILLS

Packaging & Deployment: InstallShield, Flexera AdminStudio, Orca, PSADT, MSI/MSIX/App-V, Repackager

Endpoint Management: SCCM/MECM, Microsoft Intune, Windows Autopilot, Azure AD, Azure Virtual Desktop

Scripting & Automation: PowerShell, VBScript, Batch Scripting

ITSM & Tools: ServiceNow, Topdesk, Remedy, DameWare, WFM

Full-Stack Development: HTML, CSS, Tailwind CSS, JavaScript, React, Node.js, Express, MongoDB

WORK EXPERIENCE — TATA CONSULTANCY SERVICES (7+ YEARS)

System Engineer | Tryg, Coimbatore *Oct 2025 – Jan 2026*

- Packaged and deployed 50+ enterprise applications using InstallShield, Orca, and PSADT for zero-touch silent installs.
- Ran compatibility testing and UAT across Windows 10/11 and Azure Virtual Desktop, cutting post-deployment incidents.
- Published IntuneWin packages via Microsoft Intune/MEM, supporting Windows Autopilot provisioning.

System Engineer | Lion, Kochi *May 2025 – Oct 2025*

- Automated packaging workflows with PowerShell and Batch scripting, cutting manual effort by ~40%.
- Tracked deployment status via SCCM/MECM console; resolved ~95% of conflicts and registry errors without escalation.
- Created and deployed SCCM packages and applications via console and PowerShell automation, improving delivery speed.

System Engineer | Boehringer Ingelheim Pharmaceuticals, Kochi *Mar 2022 – Apr 2025*

- Owned end-to-end packaging lifecycle for 50+ enterprise applications in a regulated GxP environment.
- Created and validated MSI/MST transform files using PSADT, InstallShield, Orca, and Repackager.
- Built PowerShell launcher scripts and Active Setup for per-user deployment across Windows 10/11 endpoints.

Assistant System Engineer | FLSmidth, Kochi *Apr 2020 – Mar 2022*

- Administered Active Directory accounts, organizational units, and group policy across hybrid/Azure AD environments.
- Managed Azure Exchange environments and handled first-level troubleshooting via Remedy, ServiceNow, and Topdesk.

Graduate Trainee | Telenor / Irdeto / DNA / Reidel *Nov 2018 – Mar 2020*

- Provided L1 technical and application support across multiple client accounts using Remedy, ServiceNow, and Topdesk.
- Managed user accounts in Azure Exchange and Active Directory; supported Oracle, SolidWorks, AutoCAD, and Epicor tools.

PROJECTS

HireGo (Job Portal) — React, Tailwind CSS, Node.js, Express, MongoDB, Razorpay, Jitsi

- Built a full-stack MERN job portal with candidate registration, job listings, and an application tracking flow.
- Integrated Razorpay for secure payments and Jitsi for scheduling live video interviews between recruiters and candidates.
- Developed RESTful APIs with Node.js and Express, and designed MongoDB schemas for jobs, applications, and users.
- Deployed the frontend on Netlify and the backend on Render with environment-based configuration.

EventMeet (Virtual Events & Live Meetups) — React, Tailwind CSS, Node.js, Express, MongoDB, Razorpay, Jitsi

- Built a full-stack MERN platform for virtual events and live meetups with event listings and ticket booking.
- Integrated Razorpay for ticket payments and Jitsi for hosting live video meets for event attendees.
- Developed RESTful APIs with Node.js and Express, and designed MongoDB schemas for events, tickets, and users.
- Deployed the frontend on Netlify (eventticketingguga.netlify.app) and the backend on Render.

Learning Management System — React, Node.js, Express, MongoDB, Razorpay, Cloudinary

- Built a full-stack MERN application with course management, tutor booking, and student progress tracking.
- Integrated Razorpay for subscription payments and Cloudinary for course media and content uploads.
- Developed REST APIs with Node.js/Express and MongoDB, and deployed the app live on Netlify.

Notes App — React

- Built a React-based note-taking app with create, edit, and delete functionality and a minimal, responsive UI.

INTERNSHIPS

Intern | Panthrea Art and Graphics Private Limited (PAGL)

- Learned basic photo manipulation in Adobe Photoshop CS5 and designed book covers/layouts.

CERTIFICATIONS

- Microsoft Intune for Windows — Udemy, 2025
- Full Stack Development (MERN) — GUVI / IITM Pravartak / HCL
- Claude 101 — Anthropic Education, June 2026
- Android Application Development — Seminar

EDUCATION

Bachelor of Computer Application — Avinashilingam University, Coimbatore (Jun 2015 – May 2018)
